

Reserve gear to help you get outside!

We want girls to have as much time outdoors as possible. You can reserve the following equipment for activities with your troop, service unit, or for any volunteer-led programs (day camps, family camps, etc.) in the outdoors!

To reserve equipment, visit our [booking page](#), scroll to the bottom, and click “Equipment Rental”.

From there, you can see all of the options that we have available for you to reserve. You can add equipment to your property reservation when you make it, or reserve equipment for your own camping options!
