

Calling All Troops!

Help test new STEM program!

Girl Scouts of the USA and Raytheon have teamed up with the Girl Scouts of Colorado to test the **NEW Computer Science Journey for Cadettes, Seniors, Ambassadors, and Multi-Level (6th-12th grade) troops.**

We are looking for troops to volunteer their time to test the **NEW Computer Science Journey for Cadettes, Seniors, Ambassadors, and Multi-Level (6th-12th grade) troops.**

We aim to include volunteers with a broad range of:

- **Experiences** (*No STEM experience necessary*) and
- **Backgrounds** (*we are looking for diverse troops and encourage troops with girls from military families to apply in order to get a sample of troops with and without military involvement*)

Why participate? Your girls will...

- ☆ Be the first to use new STEM material with fun and engaging activities.
- ☆ Develop communication skills through providing feedback on the new program(s).
- ☆ Help your troop earn a \$100 Amazon gift card to support troop-related program expenses.
- ☆ Help develop new STEM Program, and be part of history!!

What's Involved

Each participating troop will be required to complete the **NEW Computer Science Journey for Cadettes, Seniors, Ambassadors, and Multi-Level (6th-12th grade) troops** between February 2, 2018 and April 1, 2018 and to participate in our pilot research.

Troop Participation Requirements
